NOW THEREFORE, BE IT ORDAINED by the Mayor and Commissioners of the Township of Haddon, County of Camden and State of New Jersey that Section 142-50, "Housing Development Fee", is hereby repealed in its entirety and amended to read as follows:

**ARTICLE I. SECTION 142-50 Housing Development Fee.**

**A. Purpose.**

- (1) In Holmdel Builder's Association v. Holmdel Township, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985 ("the Act"), N.J.S.A. 52:27d-301 et seq., and the State Constitution, subject to the Council on Affordable Housing's ("COAH") adoption of rules.
- (2) Pursuant to P.L.2008, c.46 section 8 (C. 52:27D-329.2) and the Statewide Non- Residential Development Fee Act (C. 40:55D-8.1 through 8.7), COAH is authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans. Municipalities that are under the jurisdiction of the Council or court of competent jurisdiction and have a COAH-approved spending plan may retain fees collected from non-residential development.
- (3) This ordinance establishes standards for the collection, maintenance, and expenditure of development fees pursuant to COAH's regulations and in accordance P.L.2008, c.46, Sections 8 and 32-38. Fees collected pursuant to this ordinance shall be used for the sole purpose of providing low- and moderate-income housing. This ordinance shall be interpreted within the framework of COAH's rules on development fees, codified at N.J.A.C. 5:97-8.

**B. Basic Requirements.**

- (1) This ordinance shall not be effective until approved by COAH pursuant to N.J.A.C. 5:96-5.1.
- (2) Haddon Township shall not spend development fees until COAH has approved a plan for spending such fees in conformance with N.J.A.C. 5:97-8.10 and N.J.A.C. 5:96-5.3.

**C. Definitions.** The following terms, as used in this Chapter, shall have the following meanings:

- (1) **"Affordable housing development"** means a development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project, or a one hundred (100) percent affordable development.
- (2) **"COAH"** or the **"Council"** means the New Jersey Council on Affordable Housing established under the Act which has primary jurisdiction for the administration of housing obligations in accordance with sound regional planning consideration in the State.
- (3) **"Development fee"** means money paid by a developer for the improvement of property as permitted in N.J.A.C. 5:97-8.3.
- (4) **"Developer"** means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

- (5) **“Equalized assessed value”** means the assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with sections 1, 5, and 6 of P.L.1973, c.123 (C.54:1-35a through C.54:1-35c).
- (6) **“Green building strategies”** means those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

**D. Residential Development Fees.**

- (1) Imposed fees.
  - (a) Within all zoning district(s), residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of one and one-half percent (1.5%) of the equalized assessed value for residential development provided no increased density is permitted.
  - (b) When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a "d" variance) has been permitted, developers may be required to pay a development fee of six percent (6%) of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal one and a half percent of the equalized assessed value on the first two units; and the specified higher percentage up to six percent of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

- (2) Eligible exactions, ineligible exactions and exemptions for residential development.
  - (a) Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
  - (b) Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. The fee percentage shall be vested on the date that the building permit is issued.
  - (c) Owner-occupied residential structures demolished and replaced as a result of a fire, flood, or natural disaster shall be exempt from paying a development fee.

- (d) Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use (i.e. results in more residential units than currently exist on the site), or is demolished and replaced. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.

**E. Non-residential Development Fees.**

- (1) Imposed fees.
  - (a) Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to two and one-half percent (2.5%) of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.
  - (b) Non-residential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to two and one-half percent (2.5%) of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.
  - (c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of two and one-half percent (2.5%) shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvement and the equalized assessed value of the newly improved structure, i.e. land and improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.
- (2) Eligible exactions, ineligible exactions and exemptions for non-residential development.
  - (a) The non-residential portion of a mixed-use inclusionary or market rate development shall be subject to the two and one-half percent (2.5%) development fee, unless otherwise exempted below.
  - (b) The two and one-half percent (2.5%) fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
  - (c) Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to P.L.2008, c.46, as specified in the Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" Form. Any exemption claimed by a developer shall be substantiated by that developer.
  - (d) A developer of a non-residential development exempted from the non-residential development fee pursuant to P.L.2008, c.46 shall be subject to it at such time the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the non-residential development, whichever is later.

- (e) If a property which was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within forty-five (45) days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the Township as a lien against the real property of the owner.

**F. Collection Procedures.**

- (1) Upon the granting of a preliminary, final or other applicable approval, for a development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
- (2) For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" to be completed as per the instructions provided. The developer of a non-residential development shall complete Form N-RDF as per the instructions provided. The construction official shall verify the information submitted by the non-residential developer as per the instructions provided in the Form N-RDF. The Tax assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
- (3) The construction official responsible for the issuance of a building permit shall notify the local tax assessor of the issuance of the first building permit for a development which is subject to a development fee.
- (4) Within ninety (90) days of receipt of that notice, the municipal tax assessor, based on the plans filed, shall provide an estimate of the equalized assessed value of the development.
- (5) The construction official responsible for the issuance of a final certificate of occupancy notifies the local assessor of any and all requests for the scheduling of a final inspection on property which is subject to a development fee.
- (6) Within ten (10) business days of a request for the scheduling of a final inspection, the municipal assessor shall confirm or modify the previously estimated equalized assessed value of the improvements of the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
- (7) Should Haddon Township fail to determine or notify the developer of the amount of the development fee within ten (10) business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in subsection b. of section 37 of P.L.2008, c.46 (C.40:55D-8.6).
- (8) Fifty percent (50%) of the development fee shall be collected at the time of issuance of the building permit. The remaining portion shall be collected at the issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at building permit and that determined at issuance of certificate of occupancy.

- (9) Appeal for development fees.
- (a) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest bearing escrow account by Haddon Township. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1 et seq., within ninety (90) days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
  - (b) A developer may challenge non-residential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within forty-five (45) days of receipt of the challenge, collected fees shall be placed in an interest bearing escrow account by Haddon Township. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1 et seq., within ninety (90) days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

**G. Affordable Housing Trust Fund.**

- (1) There is hereby created a separate, interest-bearing housing trust fund to be maintained by the chief financial officer for the purpose of depositing development fees collected from residential and non-residential developers and proceeds from the sale of units with extinguished controls.
- (2) The following additional funds shall be deposited in the Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
  - (a) Payments in lieu of on-site construction of affordable units;
  - (b) Developer contributed funds to make ten percent (10%) of the adaptable entrances in a townhouse or other multistory attached development accessible;
  - (c) Rental income from municipally operated units;
  - (d) Repayments from affordable housing program loans;
  - (e) Recapture funds;

- (4) All interest accrued in the housing trust fund shall only be used on eligible affordable housing activities approved by COAH.

## H. Use of Funds.

- (1) The expenditure of all funds shall conform to a spending plan approved by COAH. Funds deposited in the housing trust fund may be used for any activity approved by COAH to address the Haddon Township's fair share obligation and may be set up as a grant or revolving loan program. Such activities include, but are not limited to: preservation or purchase of housing for the purpose of maintaining or implementing affordability controls, rehabilitation, new construction of affordable housing units and related costs, accessory apartment, market to affordable, or regional housing partnership programs, conversion of existing non-residential buildings to create new affordable units, green building strategies designed to be cost saving and in accordance with accepted national or state standards, purchase of land for affordable housing, improvement of land to be used for affordable housing, extensions or improvements of roads and infrastructure to affordable housing sites, financial assistance designed to increase affordability, administration necessary for implementation of the Housing Element and Fair Share Plan, or any other activity as permitted pursuant to N.J.A.C. 5:97-8.7 through 8.9 and specified in the approved spending plan.
