We are five sisters, Anne-Margaret, Bridget, Megan, Sara and Katie who lost our mother to breast cancer when we were 24, 21, 15 and 12 years old.

In order to prevent this same fate for other women and families we started the Tyanna Foundation.

The main fundraising event of the Foundation is BreastFest.

In 2012, BreastFest will be held in six states up and down the east coast.
