

### Overnight Parking

A Township ordinance prohibits the parking of any vehicle on the streets of Haddon Township between 2:00 AM and 6:00 AM. The object of this ordinance is to help the police identify abandoned vehicles and help keep the streets clear for emergency personnel. Parking permits are available through the Police Department for a \$25.00 fee and can be obtained by filling out an application. Residents are able to request overnight street parking twice a month with no charge by calling (856) 854-1176 ext. 4157.

### Parking Meters

Parking meters have been installed along Haddon Avenue in order encourage short term parking for visitors and patrons of Township businesses. The meters are in operation from 9:00 AM to 6:00 PM with a two hour limit; however, the first 15 minutes of parking are free. Those in violation of these rules will be subject to a \$34 fine. Questions about the meters can be answered by calling (856) 854-1176 ext. 4205.
