APPROPRIATION "CAPS"

Chapter 89, Laws of 1990 extended and made sweeping changes to the Local "CAPS" law. This law restrict the amount of expenditures the municipality may appropriate in a given budget year.

The actual calculations are somewhat complex, but in general it works as follows: Starting with the figure in the 2009 budget for Total General Appropriations, various 2009 budget figures are subtracted. The result of this gives you the 2010 "CAPS" base. The "CAPS" base is then multiplied by the allowable rate to determine the increase over the 2009 budget amount.

In addition to the increase above, other increases to the "CAPS" are allowed. Examples would be: increases in valuations due to new construction or improvements and increases in service fees, to mention a few.

The "CAPS" may also be exceeded if approved by a referendum which is a vote by the general public to increase above the allowable "CAPS" for that year.

After the "CAPS" has been determined there are also many exceptions to the "CAPS" which are appropriations that will be outside of the "CAPS". Some of these exceptions are as follows:

- State & Federal Programs Offset by Revenues
- Reserve for Uncollected Taxes
- Debt Service
- Capital Improvements

The actual "CAPS" for municipalities will be reviewed and approved by the Division of Local Government Services in the State Department of Community Affairs. The "CAPS" for this budget was calculated as follows:

TAX LEVY CAP

Chapter 62 created several new property tax and local government budgeting initiatives.

The law (N.J.S.A. 40A:4-45.44 through 45.47) establishes a formula that limits the amount to be raised by taxation (tax levy) for the local municipal budget. The exception to the levy cap are municipalities that have a municipal purpose tax rate of \$.10 or less for the previous tax year.

The basis of the formula is a four percent increase to the previous year's amount to be raised by taxation, which is subject to various modifications. Modifications exist for waivers, changes in service delivery, capital improvements, deferred charges, special extraordinary aid, debt service, reductions in state formula aid, taxable value of new construction, and new referendums.

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend fund. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

3 years. (Population under 10,000)

6 years. (Over 10,000 and all county governments)

_____ years. (Exceeding minimum time period)

Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately pervious three years, and is not adopting CIP.
