TO: Residents of East Greenwood Avenue

RE: **PROJECT STATUS**  
Improvements to the Sanitary Sewer Collection System in the Bettlewood Section of the Township of Haddon, Camden County, New Jersey  
(Funded through the New Jersey Department of Environmental Protection Municipal Wastewater Assistance Program, N.J.D.E.P. Project No. S340115-01 (KEI #10-1297))

Dear Resident:

Public Service Gas and Electric Company will be completing their work on Oakland Avenue on Friday, August 6, 2010 and will begin installing the new gas mains on East Greenwood Avenue between Johnson Road and Cold Springs Road during the week of August 9, 2010.

In anticipation of the gas main construction, Underground Utilities Corporation will begin removing the concrete roadway on East Greenwood Avenue on Thursday, August 5, 2010. The concrete roadway will also be removed on Cold Springs Avenue.

It is necessary that all automobiles be removed from the street on East Greenwood Avenue between Johnson Avenue and Cold Springs Avenue, as well as on Cold Springs Avenue, the morning of August 5, 2010 so the work can begin.

We thank you for your patience during the construction and if you have any questions or comments, please do not hesitate to contact me at this office.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory B. Fusco".

Gregory B. Fusco, P.E., P.P., C.M.E.  
Haddon Township Engineer
